

Airfield Maintenance Technician

General Wayne A. Downing Peoria International Airport
Peoria, IL
Full-Time

General Description:

Airfield Maintenance Technicians are responsible for maintaining the airfield and approaches to the airfield, including pavements, grounds, structures, and airfield equipment. They perform construction activities as assigned. Assigned tasks require them to maintain high levels of energy with the capability of lifting heavy objects. Under the supervision of the Field Maintenance Supervisor, Airfield Maintenance Technicians mow the airfield and grounds, remove snow from airfield pavements, spread sand or apply chemicals for snow and ice control, maintain the airfield lighting system, repair pavements on the airfield and supporting roads, maintain and install fencing, maintain drainage systems, clear brush and weeds, maintain structures, assist in maintaining vehicles and equipment, and perform other tasks as assigned related to operating and maintaining the airfield.

Desired Skills:

- Operate and use efficiently all airport vehicles and equipment on the field and on highways
- General knowledge of carpentry, electrical, plumbing, drainage, pavement and grounds maintenance skills
- Operate communications equipment, including phones and two-way aviation radios
- Ability to learn and follow standardized procedures
- Understand and follow oral and written instructions

Requirements:

- High School Diploma or Equivalent
- Valid IL Driver's License
- Pass a background check, pre-employment physical exam, and drug screen
- Maintain high levels of mobility, climb ladders, and lift heavy objects
- Work duties require exposure to and use of chemical compounds for cleaning, lubrication, and other tasks which may be hazardous and cause injury if specific instructions regarding their mixture, application, use and disposal/storage are not properly followed.

To Apply for this job, fill out an employment application and email to the Director of Airports at golson@flypia.com. Or you can drop it off in the MAAP Administrative Offices.
